

TOWN OF CARLYLE

POLICY MANUAL

POLICY DESCRIPTION:

Lion's Park Campsites

POLICY NUMBER: LIO 0010**DATE APPROVED:** December 21, 2011**DATE REVISED:****DATE REVIEWED:**

Purpose of Policy: To ensure a common understanding exists between Town Council and the Carlyle & District Lion's Club regarding existing campsites.

Council appreciates the contributions of the Carlyle & District Lions Club to the community.

Council recognizes that the existing Lions Park campsites are encroaching on land set aside for residential development in the south residential subdivision.

Council intends to develop additional campsites south of the existing Lion's Park at some time in the future, in conjunction with other recreational functions. Until such time as those additional campsites are developed, Council will allow the Lions Park to maintain its existing camp sites immediately east of the residential subdivision at the south end of Town, with consultation with stakeholders at that time.
